

## Restaurant/bar at HarborWalk Village

Another tenant, a Jester Mardi Gras Daiquiris restaurant/bar, will become part of HarborWalk Village, the multimillion-dollar project under construction along the west end of Destin's harbor.

The project's developer, Legendary Inc., announced this week that the Rizzuto Management-owned restaurant, which is billed as a touch of Bourbon Street in New Orleans, will open in early 2008.

The establishment's

namesake drink, the Jester, is billed as the world's strongest drink.

Upon completion, HarborWalk Village will have clubs and restaurants, water activities, shops, boutiques and other attractions.
